STATE ROAD CHIEF TALKS WITH CONNER

Commissioner W. P. Moore Is Working on Program for This Year's Road Work.

Conmissioner W. P. Moore, of the state highway department, has been in the city for a two days' conference with Judge Sam Conner, of Hamilton county, and other road officials. The purpose of his visit is to get the program for the spring and summer road work in this section of the state worked out.

Mr. Moore said this morning that the concrete construction on the Dayton highway will be ready for work within a very short time. County Engineer E. G. Murrell has completed the survey and is now working on the plans which will probably be completed in the next few weeks.

In regard to the Suck Creek road project Mr. Moore pointed out that the plans have all been approved by government authorities and that the work on this part of the Dixie highway will be started as soon as the necessary equipment arrives. A camp is now being established on the Suck Creek road by J. J. Dykes, of Whitwell, who will be the superintendent in charge of the work. There will also be a resident engineer in charge of the engineering work.

work.

The state road commissioner said that every effort is being made to have the road between Chattanooga and Nashville completed this summer, and with the starting of the work at this end of the line on the Suck Creek road the work will be well under way.
